

What is claimed is:

- 1 1. An improved driveway, comprising a pre-fabricated speed bump in contact with a
2 culvert or gutter appurtenant to said driveway.
- 1 2. The driveway of claim 1, further comprising asphalt material over said speed bump.
- 1 3. The driveway of claim 2, wherein said asphalt material also covers said driveway.
- 1 4. The driveway of claim 1, comprising a plurality of said speed bumps in contact with
2 one or more culverts or gutters appurtenant to said driveway.
- 1 5. The driveway of claim 1, wherein said speed bump includes one or more channels
2 across one or more portions thereof.
- 1 6. A method for improving a driveway, comprising the step of providing a pre-fabricated
2 speed bump in contact with a culvert or gutter appurtenant to said driveway.
- 1 7. The method of claim 6, further comprising the step of providing asphalt material over
2 said speed bump.
- 1 8. The method of claim 7, further comprising the step of providing asphalt material over
2 said driveway.
- 1 9. The method of claim 6, wherein said step of providing includes providing a plurality of
2 said speed bumps in contact with one or more culverts or gutters appurtenant to
3 said driveway.
- 1 10. The method of claim 6, wherein said speed bump includes one or more channels
2 across one or more portions thereof.
- 1 11. A method for improving a driveway, comprising the steps of:
2 a) providing a pre-fabricated speed bump in contact with a culvert or gutter
3 appurtenant to said driveway; and
4 b) paving over said speed bump.
- 1 12. The method of claim 11, further comprising the step of paving over said driveway.

1 13. The method of claim 11, wherein said step of providing includes providing a plurality
2 of said speed bumps in contact with one or more culverts or gutters appurtenant to
3 said driveway.

1 14. The method of claim 13, wherein said step of paving includes paving over said
2 plurality of speed bumps in contact with one or more culverts or gutters
3 appurtenant to said driveway.

1 15. The method of claim 11, wherein said speed bump includes one or more channels
2 across one or more portions thereof.

1 16. A method for improving a driveway, comprising the steps of:

2 a) providing a pre-fabricated speed bump in contact with a culvert or gutter
3 appurtenant to said driveway;

4 b) paving over said speed bump and said driveway; and

5 c) removing a portion of said pavement covering said speed bump.

1 17. The method of claim 16, wherein said step of providing includes providing a plurality
2 of said speed bumps in contact with one or more culverts or gutters appurtenant to
3 said driveway.

1 18. The method of claim 17, wherein said step of paving includes paving over said
2 plurality of speed bumps in contact with one or more culverts or gutters
3 appurtenant to said driveway.

1 19. The method of claim 16, wherein said speed bump includes one or more channels
2 across one or more portions thereof.

1 20. The method of claim 16, further comprising the step of removing said speed bump
2 after paving.

1 21. A driveway prepared by the method of claim 6.

1 22. A driveway prepared by the method of claim 11.

1 23. A driveway prepared by the method of claim 16.
